Of total HDFC Equity Savings Fund corpus, withdrawn annually and credited monthly to your bank account.

Monthly Credit Formula

Corpus × 4% ÷ 12

Auto-redeemed monthly

80% HDFC Equity Savings Fund

Sole source for monthly SWP income. Continues to earn returns on remaining balance.

- Active SWP Source

15% HDFC Gold ETF

Reserved — No withdrawal except declared emergencies. Acts as long-term inflation shield.

- Locked — Do Not Touch

5% HDFC Liquid Fund

Emergency-only buffer. Accessible within 24 hours. Never withdrawn for regular income.

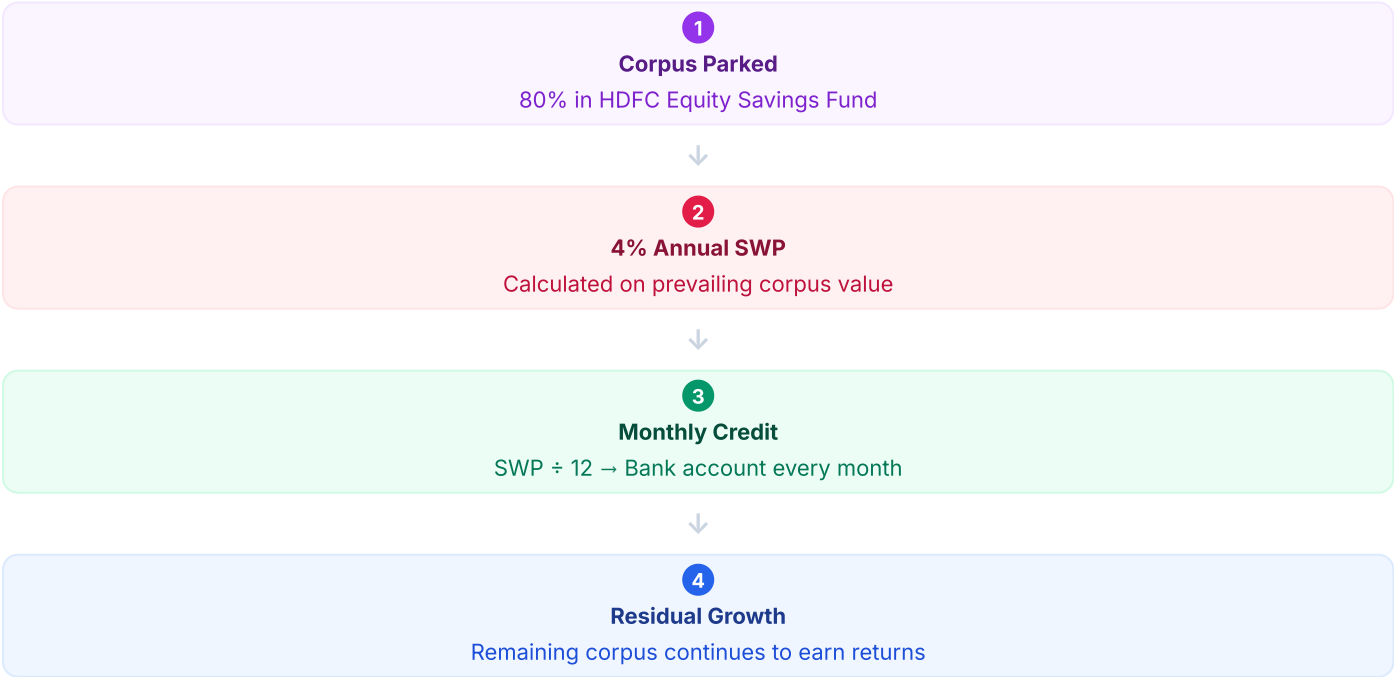

- Emergency Buffer Only

Hard Rule: No Withdrawal from Gold & Liquid

The 15% Gold allocation and 5% Liquid buffer are **strictly reserved** . They must not be touched for regular income or discretionary spending under any circumstance — only declared emergencies qualify. This preserves the long-term safety net of the portfolio.

Tax Implication: SWP from equity-oriented funds (HDFC Equity Savings) held >1 year is subject to LTCG tax at 10% on gains exceeding ₹1.25 lakh per year. Plan withdrawals within the exemption limit where possible.
